AI for Global
Goals

OXFORD MACHINE LEARNING
SUMMER SCHOOL
(OxML 2025)

MLx REPRESENTATION LEARNING &
GENERATIVE AI

7–10 AUGUST 2025
MATHEMATICAL INSTITUTE, IN PERSON

CERTIFICATE OF PARTICIPATION

IS AWARDED TO:

Markus Knauer

For attending the MLx Representation Learning & Generative AI 2025 course in person.

This program offered a comprehensive course covering 25 hours of advanced lectures and practical sessions on representation learning and generative AI, including AI safety, conformal prediction, edge devices & robotics, autonomous data science agents, representation learning, foundation models, generative AI for images & videos, reinforcement learning, and large language models.

Organised by AI for Global Goals & In collaboration with CIFAR and the University of Oxford's Deep Medicine Program.
